

Team Practice Packages

Our highly skilled and experienced goaltending consultants will work alongside each team's coaching staff, to design and implement a season-long development plan for their goaltenders, to ensure the constant growth of each individual athlete.

Team practices offer our goaltending consultants the opportunity to work double duty: as Skill Coaches, focusing on individual skill enhancement, and as a Performance Coaches, observing the athletes in meaningful game situational drills. Helping them improve areas such as: game tactics, situational awareness, compete and self analyzing to help better develop their practice and game habits. Ultimately fostering a confident, consistent athlete.

Team Practice Packages will conclude on March 31st, 2027. All practices allotted within the purchased package must be scheduled and used by this date. Scheduling of a GTI Consultant from April 1st onward will be treated and billed separately (monthly) at a fee of \$175.00+HST per 50min practice and \$225.00+HST per 80min lesson.
